145 YEARS OF QUALITY AND INNOVATION

Shurtape Technologies has a history of entrepreneurship and innovation, from spinning cotton, yarn and twine to our focus today: on making high-quality, high-performing tapes. Our success is built on passion – for our products, for complete customer satisfaction and for the markets we serve.

We're proud to craft – and supply – the right tape solution for every job. And, we're proud to manufacture many of those tapes right here in the USA*.

Shurtape Technologies

Industrial Solutions

Shurtape® offers a full portfolio of pressure-sensitive tapes designed to deliver exceptional performance and superior results. We design, develop and craft our tape to one simple standard. Yours. We know you demand attention to every detail. We know you strive to do the next job better than the last. We know you won't settle for anything less than exact. It's what has guided and inspired us every day since 1955.

We make it our business to know what contractors need. So, we know you need to save time and get the job done right, the first time. Since 1955, we've strived to be a leader in all things tape and that's why we're bringing you Duck Pro® by Shurtape® — the brands you know with the quality and performance you trust. With tapes that are as versatile as they are durable, we've got you covered no matter what the job demands.

When performance cannot be compromised, FrogTape® brand delivers professional results you can trust — when it matters most. The brand's flagship product, FrogTape® Multi-Surface Painter's Tape, changed painting with PaintBlock® Technology, a super-absorbent polymer that seals the edges of the tape to keep paint out and lines sharp. With a dedication to premium performance and continuous innovation, the brand has grown from that original green painter's tape to a variety of consumer, professional and industrial tape solutions.

Offering cost-effective, professional grade tapes that can be used on all types of indoor and outdoor surfaces, Painter's Mate® Brand is the painter's mate for quality and value.

From simple tasks to extreme fixes, T-Rex® is a family of ferociously strong tapes that pushes the boundaries of repair. It's all-weather, so you can tackle each challenge, no matter the temperature or conditions. It's quality, so you get the strength you need and long-lasting results you demand. And it's easy to use, so you can fix quickly and move on.

Proudly made in the USA since 1977, Pro Tapes® was founded to service the motion picture and theatrical industries in New York City. Today, our Pro Gaff® brand of high-quality gaffer's tape products is designed specifically for use in the Arts & Entertainment industry. With a range of colors to choose from, Pro Gaff is trusted for marking stages, holding lights, concealing wires, covering trip hazards on sets and more.

Paint and Masking Tapes

FrogTape® Paint and Masking Tapes

When performance cannot be compromised, FrogTape® delivers professional results you can trust — when it matters most. The family includes CF 120/Multi-Surface (green), CF 160/Delicate Surface (yellow) and CP 130/Pro Grade (blue) formulations that feature PaintBlock® Technology, a super-absorbent polymer that seals tape edges to keep paint out and lines sharp, in addition to CP 199/Pro Grade Orange™ for production painting (does not contain PaintBlock Technology).

And now, the best just got better with CF180/ FrogTape Advanced™, featuring PaintBlock Technology, plus advanced performance in conformability and shred-resistance.

CP 27®

Premium grade, medium adhesion 14-Day ShurRELEASE® blue painter's tape for indoor and outdoor masking of multiple surfaces; easy, no-residue removal.

CP 66®

Contractor grade, high adhesion masking tape for applications that demand quick stick and conformability; a paint and sundries industry standard.

CP 106

General purpose grade, medium-high adhesion masking tape for use on multiple surfaces.

Performance Masking Tapes

When crisp, clean lines on your next painting project are a must, trust the FrogTape® family of performance masking tapes. Ideal for use in painting and metal fabrication in the transportation, marine and general MRO industries, these medium-high adhesion, clean removal masking tapes are compatible with gel coats, multi-part epoxy topcoats and antifouling bottom paints, as well as solvent-based and waterborne, aqueous paints. Available in FrogTape® 225 Gold (CP 225 for use up to 225 F°), FrogTape® 250 Light Blue (CP 250 for use up to 250 F°) and FrogTape® 325 Pink (CP 325 for use up to 325 F°).

DOES NOT contain PaintBlock® Technology
*For up to 30 minutes

CP 901

High performance grade, excellent adhesion masking tape for high temperature paint masking applications in the transportation industry, and can also be used in the oil and natural gas industry for protecting pipe ends during the FBE coating process.

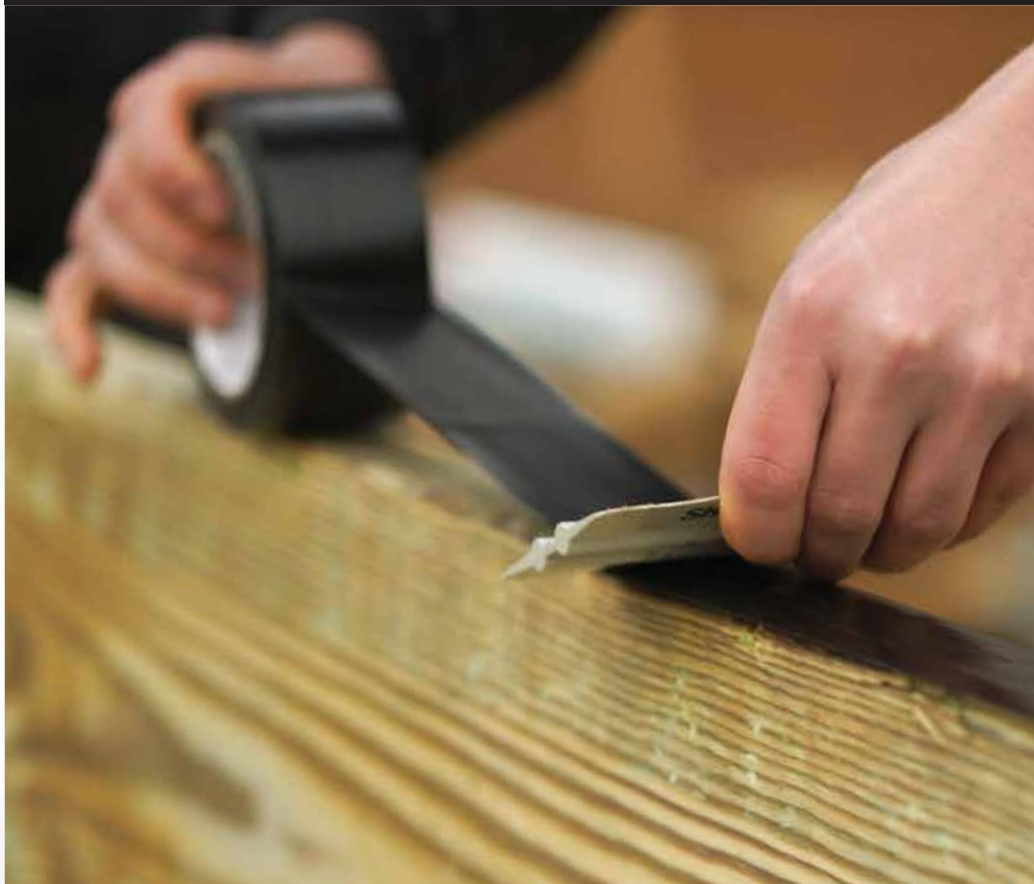

FrogTape® Performance Masking Tape

Flashing Tapes

FrogTape™ Pro Grade Flashing Tape's high-performance acrylic adhesive sticks, resticks and stays stuck to the roughest surfaces, in the toughest weather. So, you stay in control when it matters most.

FSL 55 FrogTape™

Pro grade flashing tape for creating weatherproof seals around windows and doors in residential and commercial applications.

FSL 55 FrogTape™

Pro grade flashing and waterproofing tape for building transitions, deck ledgers and waterproofing above grade construction applications.

FSW 58 FrogTape™

Flashing tape for covering deck joists, stair stringers, posts and ledger boards with a layer of waterproof protection.

HVAC Tapes

DC 181

UL 181B-FX Listed and printed film tape for use on Class 1 Flex Duct in temperatures from -10 F to 210 F.

**SEAL WITH
CONFIDENCE**
HVAC TAPES PROS TRUST

PC 857

UL 181B-FX Listed and printed cloth duct tape used in the HVAC industry to seal, seam and join Class 1 Flex Duct.

Cloth and Duct Tapes

T-Rex® Waterproof & Repair Tape

When repairs in wet, rough or other hard-to-stick-to areas are necessary, T-Rex® Ferociously Strong® Waterproof and Repair Tape is up for the challenge. For use in everyday indoor and outdoor fixes, this tape is formulated with Flex-to-Fit Technology,™ which uses a highly conformable, multi-layer film engineered with a solventless UV acrylic adhesive that is repositionable, yet ferociously strong, providing maximum stretch around objects and the ability to fit in tight spaces. Plus, this waterproof and repair tape offers easy application and extreme weather performance – making it the most versatile and reliable tape for fast fixes.

PC 745 T-Rex®

Super-tough, co-extruded T-Rex® brand cloth tape for all-weather use on rough surfaces, for heavy duty repairs and can also be used as a bottom board tape in the manufactured housing industry.

T-Rex® Heavy Duty Waterproof & Repair Tape

Heavy-duty waterproof tape that provides tough waterproof adhesion under wet and dry conditions.

P- 628 Pro Gaff®

Professional grade, matte-finish gaffer's tape for general purpose protection, color-coding, labeling and marking applications.

PC 6 Duck Pro®

Duck Pro® by Shurtape® utility grade, co-extruded cloth duct tape for non-critical, general use applications.

PC 8

General purpose grade cloth duct tape with aggressive adhesive and best-in-class performance for a variety of applications.

PC 9 Duck Pro®

Duck Pro® by Shurtape® general purpose, contractor grade duct tape – available in silver and a variety of colors – for all-weather poly-hanging, general repair and industrial color-coding applications.

PC 618 Duck Pro®

Duck Pro® by Shurtape® professional grade, industrial cloth duct tape for jobs that demand excellent tack, conformability and holding power; available in silver and a variety of colors.

PC 769 Duck Pro®

Six-month clean removal duct tape offering aggressive adhesion without leaving residue behind and a waterproof backing, making it ideal for a variety of indoor and outdoor repair projects.

PC 657 Duck Pro®

Duck Pro® by Shurtape® professional grade, heavy duty cloth duct tape used for protection during sand and media blasting, in pre-manufactured housing and RV assembly, motorsports and other critical industrial applications.

Cloth and Duct Tapes

PC 667

Specialty grade, outdoor cloth duct tape used for protective masking of non-painted surfaces, including steel, vinyl, aluminum and anodized metals, in plastering, stucco, concrete, pool and tile applications where UV resistance is required.

PC 622

Premium grade cloth duct tape used for protecting window and door frames during stucco application, as well as for various applications in high performance motorsports and for heavy duty bundling, holding and splicing.

DF 545 Duck Pro®

Duck Pro® by Shurtape® double-coated cloth tape for securing carpet and pads in the hospitality industry, and can also be used for general purpose hanging and splicing applications.

Containment Tapes

PC 608 Duck Pro®

Duck Pro® by Shurtape® contractor grade, co-extruded poly-hanging duct tape offering high tack and exceptional performance when building containments for remediation, restoration and abatement jobs.

CP 327

Premium grade blue containment tape offering durability and a strong hold for restoration and abatement jobs; for interior or exterior use.

DS 154

FrogTape® Double-Sided Poly-Hanging Containment Tape (DS 154) used for creating high-performance containment systems for restoration, abatement and remodeling tasks such as painting, cleaning, sanding, mold remediation, asbestos removal and more.

Offering a premium grade painter's tape adhesive on one side for 21-day clean removal from a variety of surfaces and, on the other, an aggressive adhesive that securely holds poly-sheeting and other protective coverings, DS 154 offers a one tape, one step solution to help you tackle each job with speed and ease.

Paper Tapes

FP 97

General purpose grade flatback kraft paper tape with a synthetic rubber-based adhesive for splicing and packaging applications; meets FDA specifications for indirect food contact.

FP 227

High adhesion flatback paper tape available in a variety of colors, including high-visibility fluorescents; can be used printed or unprinted for labeling and color-coding tasks on a variety of surfaces, including vinyl, metal, glass, plastic and rubber; all colors except fluorescent conform to ASTM D-4236.

Packaging Solutions

HP Series

HP Series hot melt packaging tapes combine an aggressive, high-tack adhesive with Hold Strong® technology to keep carton seals intact; HP Series packaging tapes are recommended for manual and automated industrial sealing of light to heavy weight cartons in a range of case sealing environments.

GS Series

GS Series strapping tapes offer light to heavy duty performance for strapping, packaging, bundling and palletizing applications; fiberglass reinforced for added strength and durability.

WP Series

WP Series water-activated tapes deliver a powerful bond to corrugated surfaces and produce tamper-evident seals that reduce the risk of theft or product damage, making them ideal for manual packaging stations, eCommerce and single parcel shipments.

Sustainable Packaging Tapes

CR 400

Performance grade curbside recyclable paper packaging tape used for hand and machine carton sealing applications; CR 400 is constructed with an aggressive adhesive and a strong, flexible kraft backing to deliver a tape solution with excellent quick stick and holding power that also meets FDA specifications for indirect food contact.

rHP 100

Sustainable, general purpose packaging tape made with 90% post-consumer recycled (PCR) rPET film for manual or automated carton sealing; rHP 100 is engineered with an aggressive, high-tack hot melt adhesive and features Hold Strong® technology to keep carton seals intact.

rHP 235

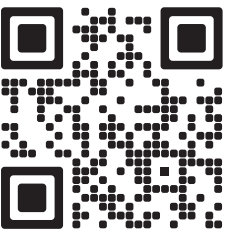

Sustainable, medium duty packaging tape made with 90% post-consumer recycled (PCR) rPET film for manual and automated carton sealing applications; rHP 235 is designed with an enhanced hot melt adhesive system and features Hold Strong® technology that offers higher shear, tack and adhesion to produce better seals, no matter the recycled content of the carton.
