

HIGH-PERFORMANCE STRAPPING TAPES

Whether it's a light or heavy load, you trust your tape to keep your cartons, pallets and bundles secure, despite the rigors of the storage and shipping environment. That's why Shurtape® offers a wide array of tapes that stick quick and hold strong in palletizing, unitizing and bundling applications.

Specifically designed for strapping and bundling, Shurtape Strapping Tapes are exceptionally durable and are engineered to keep pallets and bundles intact – even throughout the roughest ride on a semitruck or transcontinental flight.

HIGH-PERFORMANCE STRAPPING TAPES

Shurtape Strapping Tapes are durable, easy-to-use and offer the following features:

- High-performance grade fiberglass
- Strong adhesion and shock resistance
- Moisture- and solvent-resistant
- Durable and will not crack or split

FT 36

Hand-held filament tape dispenser crafted for manual strapping tape applications, including L-Clip and C-Clip tape sealing, strapping, bundling and palletizing jobs. The patented FT 36 hand dispenser is designed with a pistol grip for comfort and ergonomics in repetitive use applications, and delivers improved wipe-down force and consistent, quick cutting.

SD 999

Filament tape dispenser for manual closing, strapping, packaging, bundling and palletizing applications. SD 999 is durable, maintenance-free and can accommodate rolls up to 1 inch in width.

TECHNICAL SPECIFICATIONS

		Adhesion to Stainless Steel	Thickness	Tensile Strength	Elongation	Service Temperature Range
GS 490	 Economy grade fiberglass reinforced strapping tape for light duty strapping and packaging. 	70 oz/in width	4.5 mils	100 lbs/in width	3.70%	-10 F – 150 F
GS 500	 Utility grade fiberglass reinforced strapping tape for general purpose strapping and palletizing jobs. 	70 lbs/in width	5.2 mils	150 lbs/in width	3.70%	-10 F – 150 F
GS 501	 Industrial grade fiberglass reinforced strapping tape for medium duty strapping and palletizing jobs. 	70 lbs/in width	5.4 mils	175 lbs/in width	3.70%	-10 F – 150 F
GS 521	 High performance grade fiberglass reinforced strapping tape for use in heavy duty packaging applications that demand high tensile strength. 	70 lbs/in width	6.3 mils	300 lbs/in width	3.70%	-20 F – 180 F
