

WATER ACTIVATED PACKAGING TAPES

For some hand-applied corrugated packaging applications, you demand a tape that provides high tensile strength and tamper-evident seals – particularly in direct to doorstep shipments and when content is high value and demands extra security. It's why Shurtape® Water Activated Tapes are designed for fast, permanent adhesion and strength, delivering the performance and security you need to eliminate pilferage concerns.

For light to heavy duty sealing applications, including on hard-to-stick-to cartons such as 100 percent recycled, Shurtape's selection of non-reinforced and reinforced paper tapes become "one with the box" to provide obvious evidence of tampering, making them suitable for a range of packaging applications.

WP Series tapes are also available with custom print messaging to further showcase your brand and its commitment to secure seals.

WATER ACTIVATED PACKAGING TAPES

TECHNICAL SPECIFICATIONS

		Top Sheet Weight	Bottom Sheet Weight	MD Pattern Filament	MD Tensile Strength	CD Pattern Filament	CD Tensile Strength
GP 100	 Non-reinforced, light duty grade gum paper tape for lightweight packaging applications that demand a long-lasting bond. GP 100 adheres to most paper surfaces with an aggressive water activated adhesive that becomes part of the carton to provide tamper-evident security.	–	–	–	44 lbs/in width	–	20 lbs/in width
WP 100	 Economy grade reinforced paper tape for sealing light to medium weight cartons up to 25 pounds with normal exposure to handling, shipping and load stress. Offering excellent tensile strength and an aggressive water activated adhesive that provides an instant bond to most corrugated surfaces, WP 100 delivers a durable seal that helps prevent pilferage.	23 lbs	23 lbs	1-1-1-1-1 H110 Fiberglass	55 lbs/in width	1-1-1 Diamond G150 Fiberglass	27 lbs/in width
WP 200	 Production grade reinforced paper tape with water activated adhesive for sealing medium-weight cartons up to 35 pounds in normal manufacturing and shipping environments. Strong and conformable with aggressive adhesion to cartons, WP 200 prevents pilferage to help ensure goods arrive intact.	23 lbs	23 lbs	1-1-1-1-1 G75 Fiberglass	53 lbs/in width	1-1-1 Diamond G150 Fiberglass	27 lbs/in width
WP 300	 Heavy duty grade reinforced paper tape with water activated adhesive for critical closure of heavy-weight cartons up to 45 pounds in all environments. With high tensile strength and an aggressive adhesive that quickly becomes part of the carton, WP 300 is designed for optimum security.	23 lbs	23 lbs	2-1-1-1-1-2 G75 Fiberglass	75 lbs/in width	1-1-1 Diamond G150 Fiberglass	30 lbs/in width
WP 400	 Extra heavy duty grade reinforced paper tape for sealing large, bulky or heavy content cartons over 50 pounds in moderate to severe handling environments. WP 400 offers superior tensile strength, conformability and an aggressive water activated adhesive that becomes part of the carton to deliver maximum security on every carton.	30 lbs	30 lbs	2-2-1-2-2 G75 Fiberglass	80 lbs/in width	1-1-1 Diamond G150 Fiberglass	40 lbs/in width

Can also be custom printed with logo or message for delivery of goods without pilferage. Available in a variety of grades: GP 150, WP 150, WP 250, WP 350 and WP 450. Visit Shurtape.com or contact a Shurtape Customer Sales and Service Representative for more details.
